

FOOD CHARTER

The Monmouthshire We Want To See

*Monmouthshire Food Partnership is a collaboration between people and organisations from the community, third, public, and private sectors who are committed to taking **positive action** towards a **sustainable food system** within the county and beyond.*

*This Food Charter sets out our **vision** and our **shared priorities**. If you share our vision, **we'd love you to join us**.*

Healthy Food for Everyone

- Nutritious, tasty, planet-friendly food is available to everyone, regardless of their income
- Everyone has the knowledge and skills to grow, prepare, cook and eat good food
- No one suffers from ill health caused by poor diet

A Good Food Movement

- Monmouthshire's residents care about what they eat and drink, and how it is produced
- Communities come together regularly through growing, preparing, and sharing good food
- Local people feel connected to the land and each other through the food they buy and consume

Sustainable Food Economy

- Sustainable, ethical food and drink businesses thrive year-round, with support from permanent residents and seasonal visitors
- Food and farming are seen as attractive career paths, offering fair work and fair pay
- Monmouthshire is renowned and respected for the quality and abundance of its produce

Food for the Planet

- Our land is managed and farmed sustainably, and biodiversity flourishes
- People have accurate information to make planet-friendly food choices
- Food and packaging waste are a thing of the past

Do you share our vision? Join Monmouthshire Food Partnership by signing up to the mailing list and getting involved to support our work.
